Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.

Postcode Listings - Urban areas

The suburb or Town/City name is supplied so that you can locate the correct street. It may not always be the name you are used to using. Where a street number range is given, this is because the street may pass through several postcode areas or extend into rural areas. Please visit our website at www.nzpost.co.nz and use our online Address and Postcode Finder to identify the correct postcode by street address. Alternatively contact our Customer Service team on 0800 501 501.
